\$1000 Non-Profit Organization Creating a Better America Grant

AAM is committed to Creating a Better America. But we know we can't do it alone.

We know that there are thousands of other organizations out there with the same mission and goals in mind, many that are in need of funding and support as well as the opportunity to get their message out to a larger audience.

To support this initiative, AAM has established a quarterly Creating a Better America \$1000 Grant to support non-profit 501C-3 organizations that are providing services and opportunities to the greater community in which we all live.

If your small, non-profit organization is an incorporated 501C-3 organization with a \$10,000 per year or less operating budget and would like to apply for consideration to receive this grant, we ask that you complete our Creating a Better America \$1000 Grant form and send it to the AAM Marketing Department at 1600 W. Broadway, Tempe, AZ 85282.

We are looking to support basic Human Services Needs for food, clothing and housing, and Animal Welfare needs. Sports teams will not be considered.

All funds awarded must be used in the State that they are awarded, and the organization must demonstrate the purpose for the Grant and the fact that no more than 80% of any funds raised are used for the intended purpose, not for administrative or fund raising efforts.

All entries will be reviewed by the AAM selection committee. Entries must be received by the first Monday of January, April, July and October. Awards will be granted the last week of January, April, July and October. Winners will be notified by email and phone.
